

Tele Medicine

Is Telemedicine secure and HIPAA Compliant?

Absolutely. We only utilize one video service that meets the “communications conduit” requirement in the HIPAA rules. HIPAA rules provide protection for personal medical information.

How do you connect?

The provider will send a one-time link via text or email to the phone number or email provided when scheduling that will expire within 10 minutes.

What conditions can my provider treat via telemedicine?

Most minor medical conditions that do not require lab testing. If further evaluation is needed, the doctor will instruct you on what to do next.

Can my provider prescribe medication?

Yes. If your provider decides you need medication, he or she will send your prescription electronically to your pharmacy.

Do you accept Insurance?

Medicaid and most insurances have approved the use of telemedicine for a limited time during the current COVID-19 outbreak(Deductibles and/or Copays may apply). Self-pay patients can be seen for a fee.

To Request Tele Medicine please call our office at 301-972-9559.
